

SOUTH ORANGE COUNTY WATER QUALITY IMPROVEMENT PLAN

CONSULTATION PANEL MEETING No.4

AGENDA

Date: March 1st, 2017
 Time: 9:30am-11:30am
 Location: City of Mission Viejo, Council Chamber room
 200 Civic Center
 Mission Viejo, CA 92691

Meeting Purpose:

The South Orange County Water Quality Improvement Plan (WQIP) is being developed in phases to meet the submittal requirements indicated in the MS4 Permit. In a series of three meetings conducted in 2016, the Consultation Panel reviewed the first two phases of the plan including identification of the priority water quality conditions in the watershed and strategies and goals to address those conditions. This meeting is intended to receive input from the Consultation Panel on further development of the strategies and the development of a monitoring and assessment program intended to measure plan implementation progress towards achieving the plan goals. These are the final elements of the plan that will be incorporated with the previously developed material in a complete WQIP to be submitted to the San Diego Regional Water Quality Control Board on April 1, 2017.
